the B SIX EXCELLENT REASONS:

1st. The purchaser of GOLDEN FLEECE is obtaining the highest and best Roller Flour on the market. It is absolutely pure and made from carefully selected winter and spring wheats. 3d. During September the firm secured thirty-one thousand bushels of the choicest spring wheat in Minne-

sold in order to maintain the superior excellence of their established brands of flour. 4th. Flour for family use must retain its moisture. to avoid frequent bakings. This we accomplish by our peculiar mode of manufacture.

5th. The bakers find it to their profit to use GOLDEN FLEECE by the larger quantity, and better quality of bread they can make from our flour. 6th. One barrel of GOLDEN FLEECE will make from thirty to forty loaves of bread more than cheaper

flour; therefore a loaf of bread made from it is better and costs less than one from lower grade. All dealers retail at one fixed price. One trial will convince any family of the superiority of this flour over any other on the market.
